

HIGHWAY 23 WILLMAR BYPASS

Kandiyohi County, Minnesota

The Highway 23 Willmar Bypass Project fills a 2.5 mile (two to four-lane) gap between US Highway 12, US Highway 71, and CSAH 5 providing regional freight access to the Willmar Industrial Park. This project is the highest priority need, in a 279-mile corridor with several planned future investments promoting safety, mobility and growth along the Highway 23 corridor.

PROJECT NEED

- » Carries 6,400 (800 heavy commercial) vehicles per day.
- » 13 crashes between 2014-2018 (a crash rated above the state average for similar roadways).
- » The second longest state transportation system traveling from Sioux Falls, South Dakota to Duluth, Minnesota and Superior, Wisconsin (see back page).
- » A vital connection for freight transportation and rural access to education, healthcare, and employment.
- » Provides access to the Willmar Industrial Park which is home to over 40 businesses and 2,400 jobs.
- » Preserves investments of over \$178M since 2006 to support the Willmar Industrial Park (see back page).
- » Within a 5-mile radius, 72% of the industries providing jobs rely on transportation for their core operations.
- » Within a 5-mile radius, 37% of the 21,400 residents are people of color (>23% Hispanic or Latino).

FUNDING NEED

\$8M Estimated Construction Cost \$1.6M Est. Project Development Cost

PROJECT SCHEDULE

- » April to October 2022 Corridor and Safety Audit
- » 2022-2024 Funding Pursuits
- » 2025 Preliminary Design & Environmental Documentation
- 2025/26 Final Design
- 2026-2027 Project Construction

The Highway 23 Willmar Bypass Proj future investments promoting safety

Kand

system in the State of Minnesota traveling from Sioux Falls, South Dakota to Duluth, Minnesota and Superior, Wisconsin. Today, much of this route remains a 2-lane highway. To address these limitations, the Highway 23 Coalition is focused on advocating for a 4-lane superior throughout the corrider of the decorright Sioux Falls, SD to Duluth. MN & Superior Will all provide the test of the decorright for a superior will be to the decorright for a

BUILDING ON THE WILLMAR INDUSTRIAL PARK INVESTMENTS

The Highway 23 Bypass Project will build upon approximately \$178M in planning and capital investments since 2006 made possible by partnerships between MnDOT, the City of Willmar, Kandiyohi County, and private developers to address critical safety needs and support vast economic development opportunities within the industrial park and areas surrounding it.
